Covid-19 : EATC commands Dutch medical evacuation missions

Aeromedical Evacuation (A/E) is a mission solely assigned to the Air Force. In addition to its combat support role, the USAF A/E system is an integral part of the NDMS and is the main point where

United States Air Force Aeromedical Evacuation - A ...

The aeromedical evacuation team starts by setting up the litter stanchions, then installing oxygen lines, and finally attaching equipment used during the mission, all before patients are brought aboard. Setting up these posts to accommodate for litter patients is time consuming, so aircrews have to work efficiently to configure the aircraft.
