Kolpashchikov only teaches his biochem class so he can keep his research grants. He seems to detest helping out undergrads, and consistently acts like you are a blight on his existence. He might know his information, but he is a terrible instructor, and also speaks with a thick accent so it is nearly impossible to understand him anyway.

Biochemistry Exam 1 (Multiple Choice + Formulas ...

I took his biochemistry class as the only class in that semester. I studied every day, drew the structures at least twice a week and showed up to T & TH SI sessions. Those sessions were a lifesaver. He's a smart professor and very competent in his field but his ability to relay the information is mediocre. Do the work and you'll get an A.
