Lockwood 9800 Series Concealed Overhead Transom Door Closers provide a solution for
applications where door control must be provided without disturbing the appearance of the door.
The closer fits into the transom above the door, most of the preparatory work is undertaken prior to
installation, leaving minimal on site fitting.

Lockwood 9800 Series Concealed Overhead Transom Door Closers

However other installed hardware, door seals and differential air pressure will affect the products as
fitted performance meaning that the door closer alone cannot allow compliance to BS 8300 and
