Lecture Notes | Labor Economics I | Economics | MIT ...

In the first lecture, we start with the simple perfectly competitive model, where wages equal the marginal product of labor. We show that wages are determined by demand and supply factors and by elasticities in a simple two-skill-types labor market. Institutions can matter too. Next, we present a simple version of the

Lecture Notes On Labor Economics - CERGE-EI | pdf Book ...

Changes in taxes have labor supply effects that depends on the characteristics of the change. A lump-sum change in the level of taxes at a given income changes labor supply through an income effect. On the other hand, a shift in the marginal tax rate causes a distortion in the labor supply through a substitution effect.
