Scattered Hegemonies explores the possibilities of doing feminist work across cultural divides without ignoring differences or falling into cultural relativism. The essays in this volume propose transnational feminist reading and writing practices that counter the "scattered hegemonies" of postmodernism, neo- and postcolonialisms,

: "Those of us who take intellectual production as a site for politics badly need the kind of profound and sophisticated thinking that went into this collection... The pleasures of this text are rare multiple : it reminds us that critique can be an act of creation and alliance ; it opens up needful conversations ; it establishes the difference between

Search Tips. Phrase Searching You can use double quotes to search for a series of words in a particular order. For example, "World war II" (with quotes) will give more precise results than World war II (without quotes). Wildcard Searching If you want to search for multiple variations of a word, you can substitute a special symbol (called a "wildcard") for one or
