About Shape Patterns. Shape Patterns is a sequencing game where children from 3 to 8 years of age need to complete the pattern of different coloured 2D shapes. It is a multiple choice game with three levels of difficulty. It is excellent for shape recognition and for problem solving.

Shape Patterns - topmarks.co.uk

Students use Pattern Shapes to explore geometry and fractions, creating their own designs, or filling in outlines. As they work with the shapes students explore geometric relationships, think about angles, investigate symmetry, and compose and decompose larger shapes. Many of these explorations lead naturally to thinking about fractions as ...
